

COPA CATALUNYA LLORET DE MAR / SPAIN 9th EDITION JULY 11-15, 2011

Dazzling sun, deep blue seas, white sandy beaches, lovely boulevards and an exciting nightlife: for many, simply the perfect blend for an ideal holiday. This is also the ultimate location for many soccer fans to hold an international soccer tournament. Many soccer clubs have been lured to the Spanish coast for a number of years through the efforts of Euro-Sportring. During the sixties Euro-Sportring offered programs mainly centered in and around Barcelona, but this has since been extended to include all kinds of tournaments stretching along the Catalan coast. Celebrated seaside resorts such as Lloret de Mar, Calella, Blanes and Malgrat de Mar attract literally hundreds of soccer clubs from all over Europe, providing them with the opportunity to combine the enjoyment of international soccer with a fun holiday in a simply magical way. Spain hosts an extensive program, with tournaments taking place over the Easter and Whitsun holidays, during the summer and also in October. Over the years, more than 1000 teams from 22 countries have taken part in such tournaments annually. Organization is in the hands of a very experienced and able committee, assisted by the Catalan soccer association. Tournaments are held on a large sports complex close to the popular seaside resort of Blanes. Facilities include no less than grass 13 pitches, laid out in terraces, on by far the largest sporting complex in Spain.

Touristical Information:

- Barcelona (1.700.000 inhabitants). Who doesn't know the great attractions of this beautiful Olympic city? If not, go for it, because Barcelona is truly a unique city. You will need more than a day to explore the center. Nevertheless you can catch the spirit if you follow the following program: the Sagrada Familia - one of the landmarks of Barcelona, the cathedral by Gaudi with a bizarre architecture, Plaza de Catalunya and the Ramblas - the heart of the city full of shops, restaurants and terraces, the gothic quarter with its narrow, picturesque alleys, the Mount Juic - the mountain right in the center with the Olympic facilities, castle and attraction park plus of course a magnificent view over the city and the sea, Plaza España - the square with the famous fountains and beautiful palaces.
- Salou (9.000 inhabitants) is about 1½ hour by bus from Barcelona. It is a harbor, already known from the time of the Greek colonists, but also a very popular tourist center, situated at both sides of a small, rocky peninsula. Near Salou is situated Port Aventura, after Disneyworld Europe's most famous theme park (in July open until 12:00pm).
- Montserrat is a beautiful, old and strange mountain, 10 km long and 1236 meters high, approx. a 1½ hour drive by bus. At 775 meters it offers the most famous monastery in Catalonia that can be reached by rack-railway. The monastery is also famous because of the choir of its music school, the Escolania. The complex also includes among others a museum with mainly Italian and Spanish (Picasso, El Greco) painters. Moreover you can find here restaurants, souvenir shops and different cable cars which bring the people higher up the mountain, offering breathtaking views.
- Stadium visit of F.C. Barcelona. A visit to this impressive Nou Camp Stadium is the climax for the real soccer fan. You are warmly welcome for a visit (entry fee: approx. € 11.00 for adults and € 8.50 for U13).
- Sitges and Vilafranca del Penedes (about ¾ hour by bus from Barcelona). Sitges is one of the most famous tourist resorts of the Costa Daurada, the coast south of Barcelona. It has about 13,000 inhabitants and had once the name "Cannes of Catalunya". In summer it is crowded by tourists and it is a nice experience to walk through the numerous small streets, full of shops (many art-items), bars, restaurants and nightclubs. Vilafranca del Penedes is famous for its wine, often with a high alcohol percentage, from its surrounding hills.
